

Meeting Agenda

Date: 2014-04-11

Facilitator:
Erik Risfelt

Participants:
Jacob Turesson
Markus Bergland
Pierre Kraft

1. Objectives (5 min)

GUI needs to take form.
Discuss MVC
Maven

2. Reports (15 min) From previous meetings, (un)solved issues, etc.

Pierre has created an interface for picking files and it is implemented for the desktop environment.

3. Discussion items (35 min)

(a) How do we do...?

We don't understand the Maven build process completely yet.

(b) What to do...?

Continue knowledge gathering for Maven and MVC for best usage in project

4. Outcomes and assignments (5 min)

(a) Erik should....

Update RAD to the current state of the project
Investigate how MVC is used professionally and how we should adapt it to our project.

(b) Markus should...

Update RAD to the current state of the project
Investigate how MVC is used professionally and how we should adapt it to our project.

(c) Pierre should...

Learn more about Maven and share that knowledge.

(d) Jacob should...

Keep exploring LibGDX

5. Next meeting?

2014-04-28

(Long break due to Easter and Self Study Period)
