

## Meeting Agenda

Date: 2014-05-23

Facilitator:  
Erik Risfelt

Participants:  
Markus Bergland  
Pierre Krafft

### 1. Objectives (5 min)

Final meeting.

Finish up and do code cleaning.

### 2. Reports (15 min) From previous meetings, (un)solved issues, etc.

Project is feature complete.

Except that we don't save files in a zip-file. It is currently not easy to send project to a friend.

### 3. Discussion items (35 min)

(a) How do we do...?

(b) What to do...?

Make code cleaner and better.

Use the Java zip utility to export/import .vis files with all needed files compressed inside.

### 4. Outcomes and assignments (5 min)

(a) Erik should....

Work on refactoring the View

Complete missing model tests to ensure it works as expected

(b) Markus should...

Work on refactoring the View

Complete documentation (RAD,SDD)

(c) Pierre should...

Bug fix in View

Ensure code quality across all classes

Work on the file format.
